KERN HEALTH SYSTEMS IS HOSTING ANNUAL CAREER EXPO ON JANUARY 25, 2024

Bakersfield, CA— Kern Health Systems (KHS) invites Kern County residents to their annual Career Expo. A two-hour event will be held at their headquarters at 2900 Buck Owens Blvd., Bakersfield, CA 93308, on Thursday, January 25, 2024, starting at 5:30 p.m. and 6:30 p.m.

Professionals from all experience levels and professional backgrounds are invited to attend for an exciting evening to explore potential career opportunities, network with KHS department leaders and employees, and discover Kern Health Systems' company culture.

“We are thrilled to extend a warm invitation to individuals who share our passion for serving communities across Kern County. As KHS enters an exciting phase of growth, we are seeking exceptional talent to join our dedicated team,” says Emily Duran, chief executive officer, Kern Health Systems. “This event is not just a career fair, it is an opportunity for us to meet and connect with individuals who understand the health care needs of our community, and are willing to work diligently to break health care barriers for our members, and our community at large.”

Kern Health Systems will have department booths set up where potential candidates can connect with employees to learn about the employee experience at KHS, benefits, and current organizational goals and initiatives, like Health Equity.

“Every division at KHS is taking a health equity-based approach to our areas of expertise and the services we provide through our departments. As an organization, we are working together towards these goals—to create better access to health care, improve social determinants of health, and elevate the quality of life for our community in Kern County,” says Traco Matthews, chief health equity officer, Kern Health Systems. “Many people from different backgrounds are needed to achieve this, such as member services, accounting, claims, nursing, IT, and human resources, among many other professions. We look forward to meeting people passionate about improving access to health care, and enhancing our health plan, Kern Family Health Care, to ensure that we deliver quality health care to our community for generations to come.”

Light snacks and refreshments will be served. RSVP is required to attend. To RSVP, please visit [www.kernhealthsystems.com/careers](http://www.kernhealthsystems.com/careers).
