

Session 1: ECM/ILOS Transition Planning — WPC/HHP Crosswalk & County Contracting Strategies

Discussion Questions

Transition Planning: Crosswalking

- 1) How will managed care plans transition populations currently served by both WPC and HHP?
 - a) How are plans crosswalking DHCS' target population criteria with conditions, physical and/or behavioral health needs and coordination of service needs of plan members generally? Of plan members currently participating in WPC or HHP?
 - b) Are you hitting any roadblocks with the crosswalk, or are you identifying services or populations that do not fit within the ECM or ILOS framework?
- 2) Do plans have the information needed from WPC pilots to complete a crosswalk? If not, what additional information is needed and how are you working with your counties to obtain it?
- 3) How are plans engaging with counties in completion of a crosswalk?
- 4) How do plans intend to incorporate current WPC and HHP housing and supportive services into ECM?

Transition Planning: Contracting

- 5) How will managed care plans engage and contract with the WPC or HHP lead entities in their counties?
 - a) If the lead entity was more administrative and less direct service, will plans contract with these entities?
 - b) What if the lead entity is not interested in contracting with the plan?
- 6) How will the plan engage and contract with mental health/specialty mental health/behavioral health in their counties?
 - a) How will the plan engage and contract with other current WPC or HHP participating entities (beyond mental/specialty/behavioral health) in their counties?
